The group, consisting of sisters Denise and Rebecca Bailey, have unleashed their cover of the second single from the 'Soul Mates' album, 'Light Of The Soul', which is available to stream below. 'Light Of The Soul' was released in January of this year, which featured British singer Grace George, and which now has a nomination in the shortlist for the 2018 Ivor Novello Awards. Rebecca Bailey tells Music Therapy that the track was actually "written by a friend of ours, Adam Good, who I knew before we even started recording the album," and went on to say that the vocals are an amalgamation of both the original vocals and her own. She then continued by saying that the cover is intended to "celebrate our understanding of music in general, and how music transcends and connects us to one another and the world around us."/>
