Library of literature on culture and art (2000-2008) The book contains reports and reports on the problems, ways and prospects for the development of the artistic exploration of nature on a global scale. The concept of the scientific school "Theory and Practice of Science" shows the relationship between the humanities and natural sciences as the embodiment of a single theoretical and practical knowledge. Questions of correlation and interaction of methods of scientific knowledge are discussed. Methodological bases of the analysis of a picture of the world are given; features of scientific research in line with culture; philosophical and methodological tasks of the modern stage of development of nature. For the first time in Russian literature, in the context of scientific creativity, the ideas of cultural and historical cycles are figuratively and convincingly presented, giving an idea of the state and prospects for the development of culture. It is addressed to students, graduate students, teachers of the humanities faculties of universities, as well as to everyone who is interested in the problems of the cultural and social development of society. Series: A series of books "The Secret Manuscript" E-books, download books e-books for free, free books new and free, download fbkfkfz fb3, fb4 books. People of the new millennium know that the world is full of secrets and mysteries. Literally everything is saturated with secrets: from the bowels of the earth to the surface of our planet.

The collection includes research. V. Zvyagintsev, V. Chernobrov, Yu. Petukhov and others. Building Shishkin, V Minkin, A. Krishchenko and others, devoted to the problems of artificial intelligence and natural sciences. Articles and books reveal the mutual influence of man and nature on the evolution of society. The book opens with the works of A. Nazarov, who is looking for the origins of the anthropological tradition. A holistic view of man and society is offered by V. Voronov. The author of the book "The Secret Connections of Christianity", he illuminates the mystery of death and at the same time proves the immortality of our soul. Journalism V.Larina, V. Smirnov, A. Mordovsky, V. Konteev and others reveals some aspects of the spiritual life of society. The works of authors included in the "Golden Cohort" of Russian inventors and innovators are presented.
