
Microxp-0.82.iso Added

ISO file size is the same as the previous release - 99.9Mb. With the release of MicroXP v0.8, this new version adds a network service to support multiple computers using the ftp protocol. Author: Vasily Shchetnev Published on June 07, 2010 I like to read newspapers, but I don't like being misrepresented. It's not only journalists who misrepresent (that's someone, and journalists are definitely not people), the readers themselves misrepresent, who suddenly come to mind that if the hero of the newspaper has problems with his wife, then he actually has problems with his wife, and not with a newspaper.
